

## Consolis appoints Jörgen Persson as Managing Director of Strängbetong and member of the Executive Management Team

**Consolis Group is pleased to announce the appointment of Jörgen Persson as Managing Director of Consolis Strängbetong AB, effective 25 August 2025. In addition to leading Strängbetong's Swedish operations, Jörgen will join the Consolis Executive Management Team.**

Jörgen brings broad experience from the construction industry, most recently as Head of Product Development at Veidekke. His earlier roles included MD of Skanska Stomsystem and several strategic leadership positions in building and infrastructure development. He holds a Master's degree in Economics from Lund University and an MBA from the Norwegian Business School (BI).

Eduard van der Meer, President and CEO of Consolis Group and interim CEO of Strängbetong, welcomes Jörgen's appointment:

"Jörgen is a proven leader who brings deep market insight, customer understanding, and a passion for innovation. His appointment strengthens both our Swedish leadership and our broader Executive Management Team. He will be instrumental in driving growth and customer-centric development in one of our key markets."

Jörgen Persson comments:

"I firmly believe that precast concrete has an increasingly vital role to play in the transformation of the construction industry. Together with our customers, we will continue to develop solutions for the future that combine performance, efficiency, and sustainability—delivering real value to the market. I'm excited to build on the company's strong legacy while leveraging Consolis Group's industrial strength and technical expertise," concludes Jörgen Persson.

Strängbetong is a key part of Consolis' operations in the Nordics, delivering precast structural systems, walls and facades, including the low-carbon Green Spine Line<sup>®</sup> product line for both residential and non-residential construction.
